

Big views on the Esplanade, without the big price!

37 / 143 Mooloolaba Esp, Mooloolaba

Step inside and be instantly impressed by this generous sized 2 bedroom apartment (125m2).

Located high on the 9th level of the Seaview Resort building, taking in views usually reserved for seven figure Mooloolaba apartments, the outlook is simply captivating with 180 degree panorama.

While the share market remains volatile and as interest rates come down, term deposit investments are becoming less appealing, shifting the focus back on to prime property. Unit 37 Seaview, in a front row, never to be built-out, elevated position ticks all the boxes as a proven real estate holding.

Coupling this with the priceless lifestyle benefits, reduced borrowing costs and tax incentives, serious buyers must consider this opportunity.
